 Integrated Payment & Reporting System (IPRS) Target Population Assignment Worksheet-ASTER

	<p>This revised population includes the former ASHMT Target Population, but all eligibility restrictions except for age and diagnosis have been removed.</p> <p>This revised population includes the former ASDWI Target Population, but all eligibility restrictions except for age and diagnosis have been removed, including the former limitation of an income level of 200% or less of the federal poverty level. The DWI consumer continues to be required by state law to pay for the initial \$175 in fees for substance abuse assessment and treatment.</p> <p>This revised population includes the former ASDHH Target Population, but all eligibility restrictions except for age and diagnosis have been removed. Efforts should continue to be made to engage and serve individuals who are deaf or hard of hearing.</p> <p>This revised population includes the former ASHOM Target Population, but all eligibility restrictions except for age and diagnosis have been removed. Efforts should continue to be made to engage and serve individuals who are homeless.</p> <p>NOTES: All substance abuse consumers are required to be enrolled by providers and LMEs in a primary disability target population group that represents the consumer's principal or primary diagnosis and the main focus of attention or treatment, and that is chiefly responsible for the need for services received for the current episode of care.</p> <p>Substance-Related Disorders and Other Conditions That May Be A Focus of Clinical Attention will be classified according to the <i>International Classification of Diseases 9th Revision (ICD-9)</i> incorporated by reference to include subsequent amendments and editions.</p> <p>All individuals will be assessed for service eligibility on the basis of the American Society of Addiction Medicine (ASAM) <i>Patient Placement Criteria for the Treatment of Substance-Related Disorders (PPC)</i> (Adult Criteria) incorporated by reference to include subsequent amendments and editions.</p> <p>Substance abuse services shall be provided only by a duly licensed professional within their scope of practice, or by an individual who is a licensed, certified, or registered substance abuse counselor through the North Carolina Substance Abuse Professional Practice Board, and who practices and is supervised in accordance with G.S. 90-113.32, Article 5C, the North Carolina Substance Abuse Professional Practice Act.</p> <p>NC-TOPPS Interviews are required of providers for all substance abuse target population adults and children ages 6 years and above who are receiving any qualifying service, including outpatient only services, for any substance abuse diagnosis.</p> <p>The client's service record shall include the federal substance abuse National Outcomes Measures (NOMs) and Treatment Episode Data Set (TEDS) admission and episode completion (discharge) data elements that are required to be reported by the Local Management Entity to the Division for the Consumer Data Warehouse (CDW). These elements include, but are not limited to, the identification at consumer admission and episode completion (discharge) of the consumer's primary, secondary, and tertiary substance problems, frequency of use, usual route of administration, age of first use, pregnancy status, living arrangements, employment status, arrest status, and social connectedness.</p>
